

Prerequisite IBM Cloud Service

Team ID	PNT2022TMID24427
Project Name	IOT Based Industry-Specific Intelligent Fire Management System

IBM Account Dashboard

The screenshot displays the IBM Cloud Account Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's name 'EIGATEELA NIKHILA's ...'. The main content area is titled 'Dashboard' and features a 'Create resource' button. Below this, a 'For you' section displays a grid of recommended tutorials and services, including 'Build a web app with Watson Speech to Text', 'Get Started with Watson Studio', 'Build a Virtual Private Cloud (VPC)', 'Incorporate DevOps into your process', and 'Get started with Watson Discovery'. Each card includes a brief description, a 'Getting started' or 'Recommended' tag, and a duration. The bottom section of the dashboard contains four panels: 'News' (listing updates like 'IBM Cloud Satellite New Pricing'), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a detailed status report).

Node red Service
